

Swakop Uranium, a Namibian world class uranium mining company, invites people who are self-motivated, energetic and wish to work in a High Performance Culture environment, to apply for the following role.

Team Leader - Plant Maintenance (Mechanical)

**Location: Husab Site, Swakopmund
Reports to the Superintendent Leach, CCD, Tailings**

MAIN PURPOSE OF JOB

To lead a competent team of mechanical-trained subordinates for the effective and efficient maintenance of all mechanical equipment to ensure that production targets are achieved, at maximum workshop availability and optimum cost, including adherence to job safety and good housekeeping standards.

Key Performance Areas:

- Leads a team in the maintenance and repairs of equipment, and complies and implements contingency plans to achieve maintenance/repair objectives.
- Supervises and participates in the maintenance, inspection and repair of related equipment in area of responsibility.
- Reviews maintenance performance reports and equipment repair history and recommends and implements corrective action.
- Responsible for weekly maintenance planning & feedback.
- Ensures adequate knowledge transfer from vendors for effective future maintenance and between vendors and maintenance team.
- Complies with relevant RISK policies, practices and procedures and ensures SHERQ compliance.
- Purchases and / or requisitions equipment as well as tools, parts, supplies and materials to be used in equipment / machinery repair and maintenance.
- Revises, submits and controls annual working cost budgets in area of responsibility in consultation with relevant persons.
- Provides leadership, mentors and trains apprentices on a continuous basis.
- Showing respect for the value of individual differences and adherence to Swakop Uranium's (SU) committed policy of fair dealing and integrity in the conduct of its business.
- Complies with Company job safety and good housekeeping standards/practices at all times.
- Safety, Health, Environmental, Radiation & Quality Effectiveness.

Requirements and experience:

- Recognized Trade Diploma with 4 technical theoretical subjects (N3 level) or Grade 12 with 4 technical theoretical subjects.
- +/- 5 years Post-Apprenticeship experience, plus 3 years supervisory experience in mechanical equipment & maintenance.
- Experience/Exposure in the mining industry will be an added advantage.
- Proven SAP or other maintenance system experience.
- Valid Code B/BE Driver's License.

Through its commitment to its people, the company offers a competitive remuneration package and the opportunity to work alongside some of the most experienced and dedicated people in the industry.
