

*Swakop Uranium, a Namibian world class uranium mining company, invites people who are self-motivated, energetic and wish to work in a High Performance Culture environment, to apply for the following role.*

## **Geological Assistant (x6)**

**Location: Husab Mine**  
**Reports to the Probing Supervisor**

### **MAIN PURPOSE OF JOB**

*To conduct all sampling and sample handling activities at all drill sites and in the field. This includes sampling and core handling in the core yard facilities as well as implementing quality assurance and quality control. The collection of field data as prescribed by procedures. Physical rehabilitation work of disturbed areas. The control of ore loading activities by ensuring the correct mining within perimeters as well as the allocation of materials.*

### **Key Performance Areas:**

- Complete safety assessment before work and ensure all necessary sheets and plans are in place including truck tally sheet, checklist and loading plans.
- Perform routine pre-start check for the ore composite demarcation poles and tapes, record and report any identified errors.
- Guide the ore loading activity according to the loading plan.
- Ensure waste material along the ore/waste boundary is cleaned.
- Ensure the floor elevation on ore composite is as per target.
- Maintains equipment and facilities pertaining to exploration.
- Install and lay out water pipes for exploration work and ensure equipment and vehicles are maintained in a safe and working order.
- Perform drill core processing tasks.
- Ensure all holes are screened and targets for sampling are met.
- Ensure sampling integrity is maintained.
- Sample submission and collection from lab on a daily basis.
- General housekeeping duties around core yard.
- Adheres to all laid down SHERQ related standards, procedures, rules, regulations and statutory requirements.

### **Requirements and experience:**

- **NOVICE:** Grade 12 with 20 points over 5 subjects with no work experience or Grade 10 with 24 points over 7 subjects with 6 months experience in one (1) work stream.  
Valid Code B/BE Driver's license and a basic computer certificate.
- **SEMI EXPERIENCED SAMPLERS:** Grade 12 with 20 points over 5 subjects or Grade 10 with 24 points over 7 subjects.  
Valid Code B/BE license and intermediate computer certificate.  
More than 6 months, but less than 3 years' experience as a Geological Assistant in four (4) work streams in the Geological field.
- **EXPERIENCED SAMPLERS:** Grade 12 with 20 points over 5 subjects or Grade 10 with 24 points over 7 subjects.  
Valid Code B/BE Driver's license and intermediate computer certificate.  
More than 3 years' experience as a Geological Assistant in five (5) work streams in the Geological field.

*Through its commitment to its people, the company offers a competitive remuneration package and the opportunity to work alongside some of the most experienced and dedicated people in the industry.*
